A MESSAGE FROM JAXPORT

Now is a time of incredible opportunity for our port and the region's thriving logistics community. The completion of harbor deepening, ongoing enhancements of our cargo terminals, and growth of industrial warehousing all position us for long-term success.

We've attracted more than a billion dollars in investment over the last five years, including multiple public-private partnerships. These investments speak to the opportunity the industry sees in Jacksonville and the advantages we offer your business.

Our commitment to outstanding customer service is unwavering. I am proud to share that in a recent industry survey, our customers voted us the top port in the nation for value and the top port on the East Coast for overall customer satisfaction. We also received high marks for ease of business, our diverse ocean carrier network, strong intermodal network, and quality equipment and operations.

As we look to the future, we are working strategically to expand our capacity and capabilities to support your needs. This year, we are adding new state-of-the-art cranes and making significant progress on major projects that will increase our cargo-handling capacity while maintaining our efficiencies.

You may notice this publication looks a little different this year. We have streamlined the format to make it a quick and easy reference. Inside, you will find helpful information about our capabilities, terminal operators, and service providers who can offer logistics solutions to meet the individual needs of your business.

Thank you for your business and partnership.

CERES®

www.ceresglobal.com

North America's top Stevedore and Terminal operator with over 60 yrs. of premium experience. Ceres places safety and security among the highest priorities in all of our stevedoring and terminal operations. We created innovative cargo handling systems, applied modern technology, and formed operational relationships worldwide to continually expand our scope and method of services to keep our customers satisfied. We are committed to always providing our customers and their cargo with safe, secure, and environmentally sound business surroundings. We don't just move cargo; we move business forward.

BUILDING THE PORT OF THE FUTURE

As the owner and manager of Jacksonville's public seaport terminals, JAXPORT is committed to the ongoing enhancement of port infrastructure and facilities. The port has attracted more than a billion dollars in investment over the last five years, including multiple public-private partnerships.

HARBOR DEEPENING

The Jacksonville Harbor Deepening Project was completed through JAXPORT's Blount Island Marine Terminal in 2022. The project deepened 11 miles of the shipping channel to a depth of 47 feet from its previous depth of 40 feet.

The deepening project included a new turning basin that allows larger vessels to turn at Blount Island berths. The turning basin is slightly larger than the existing turning basin at the port's Dames Point Marine Terminal, which routinely turns vessels of 1,100 feet in length.

TERMINAL MODERNIZATION: SSA JACKSONVILLE CONTAINER TERMINAL

$72 million in phased yard improvements are underway to enable the SSA JCT to accommodate up to 500,000 TEUs annually. Terminal upgrades include densified pavement to accommodate taller stacks of containers and new facility gates and entryways to enhance traffic flow.

BERTH ENHANCEMENTS

The SSA Jacksonville Container Terminal (JCT) at Blount Island features 2,400 linear feet of newly rebuilt berthing space capable of simultaneously accommodating two post-Panamax container ships.

NEW CRANES

The SSA JCT features six eco-friendly container cranes, including three

state-of-the-art cranes arriving in early 2023.

TERMINAL MODERNIZATION: CERES TERMINALS JACKSONVILLE

JAXPORT and Ceres Terminals' long-term agreement will modernize the Ceres Terminals Jacksonville container terminal, which is JAXPORT's largest single-tenant operated facility by acreage. Ceres is investing $15 million in terminal upgrades, including investments in cargo handling equipment and systems.

TERMINAL MODERNIZATION: SOUTHEAST TOYOTA DISTRIBUTORS

Southeast Toyota Distributors (SET) entered into a long-term lease and relocation agreement to move operations from JAXPORT's Talleyrand Marine Terminal to Blount Island. Planned for completion in 2025, SET will invest more than $16.5 million to modernize the Blount Island terminal with new state-of-the-art processing buildings and associate work areas totaling more than 250,000 square feet, as well as new on-site rail connections and truck loading areas. The Florida Department of Transportation (FDOT) will also provide a $16.5 million grant to assist with terminal development.

EXPANDING VEHICLE CAPABILITIES

The port is building out its roll-on roll-off capabilities to ensure terminals remain congestion-free for all customers. In partnership with FDOT, $45 million in berth upgrades will soon be underway to

enhance JAXPORT's vehicle capabilities at Blount Island. The upgrades include expanding one auto berth to accommodate two larger vehicle ships simultaneously instead of one, and the expansion of a second berth to more efficiently accommodate the larger vehicle ships calling the terminal.

DAMES POINT AUTO TERMINAL

JAXPORT is working to develop 40 acres of land to accommodate port users and increased demand for covered storage space that can house a variety of cargoes. The development may also include a rail spur providing increased modal options to move cargo by truck or rail.

TALLEYRAND MARINE TERMINAL

JAXPORT is preparing the design plans to develop 27 acres of additional space to enhance breakbulk storage capabilities. Multi-phased enhancements to the terminal's berths and rail connections totaling $5 million over the next five years are also underway.

WE DON'T JUST SAY WE CARE, WE ACTUALLY DO

- Our facility is 52,000 square feet
- Conveniently located by the JAX International Airport
- 42,000 sq. ft. warehouse
- 10,000 sq. ft. of office space
- Asset-based third party logistics provider with extensive brokerage services
- Expedited services
- Container breakdown options for various types of shipments including stripping of containers, repack and cross-docking

CRUISE TERMINAL

9810 AUGUST DRIVE
JACKSONVILLE, FL 32226

Located at the Dames Point Marine Terminal, the JAXPORT Cruise Terminal offers service to The Bahamas from Carnival Cruise Line aboard the 2,052-passenger Carnival Elation.

With 98 million people living within a day's drive of Jacksonville, JAXPORT offers convenient cruise access for passengers throughout the Southeast U.S.

A study of Northeast Florida's tourism found that 60 percent of travelers cruising through JAXPORT cited "easy access to the port" as the primary reason for choosing Jacksonville.

Visit JAXPORT.com/cruise for additional information about cruising from JAXPORT.

Our strategy is simple

MainOcean

Port Proximity. Technology. People.

As a regional 3PL/logistics provider, we have developed a broad range of services that have allowed us to work with our partners to deliver what matters the most – Quality Services Delivered on Time with Care. We provide the missing links in the supply chain that ensure the hard work our customers do gets to their customers as they intended.

In addition to our Charleston and Savannah facilities offering more than 500,000 sq. ft. of warehouse space, our Jacksonville services include:
- Warehousing; short and long term
- Cross docking
- Fulfillment and Distribution
- Rejected Loads/Rework
- Offsite operational support
- Bonded & EPA Support
- EDI, RF Scanning
- 24hr Customer Access w/KPI tracking

AN ENSTRUCTURE COMPANY

JZI™ IntermodaLogistics
A RoadOne Company

904.527.3902
info@jzexpcompanies.com

Supply Chain, Simplified.

Our trucking, warehousing, and heavy lift capabilities ensure freight is delivered no matter the obstacle. Creative problem solving and the national reach to execute is why we remain Jacksonville's premier warehousing and logistics company.

- National Intermodal asset-based trucking operation with over 2000 trucks and 80 terminals
- Dedicated Fleet solutions nationwide
- National Warehousing and Distribution Solutions
- Drayage and Truckload brokerage operations nationwide
- U.S. customs-bonded, HAZMAT, and TSA Drivers
- Truckload, intermodal, and expedited ground or airfreight
- Foreign-trade zone, customs-bonded, and domestic warehousing
- Outdoor FTZ storage with 19 acres of secure storage and 300-ton lift capacity
- Up to 55,000 lb. capacity forklift and a 99,000 lb. capacity Sany reach stacker on site

JZI™ LogisticSolutions
A RoadOne Company

Additional global supply chain services offered by JZI LogisticSolutions:

- International NVOC and freight forwarder
- U.S. Customs clearance; including all government agencies
- Services include ocean, air, breakbulk, and RO-RO
