**ADDENDUM NO. 01**

**INVITATION TO BID NO. 26-09**

**DUMPSTER RENTALS AND TRASH COLLECTION SERVICES  
FOR THE  
JACKSONVILLE PORT AUTHORITY**

**RESPONSE TO QUESTIONS**

1. Can you provide the bid results for ITB 21-06R, Trash Collection Services (Re-Bid), showing all bidders and unit pricing?

***ANSWER:** See Addendum Attachment No. 2.*

2. Basis of award and scope. Section 2.03 states JAXPORT will award to one Bidder as the designated Prime Bidder, and page A3-3 states the award is based on the total sum of Categories A and B. Will JAXPORT consider separating the roll-on/roll-off scope from the front load scope, either as a partial award under 2.04 or as its own solicitation? Our company runs roll off exclusively and would be able to bid the 30 yard and 40 yard work directly?

***ANSWER:** No. JAXPORT intent is to award this contract to one (1) company/bidder to provide both the services and equipment as listed under the scope.*

3. Estimated haul quantities. Category B on page A3-2 totals 1,624 hauls per year based on the listed unit counts and service intervals. Attachment No. 3 supports 1,156 hauls per year for those same 20 units, with most of the 8 yard containers on a once per week schedule rather than twice. The unit counts reconcile between the two documents, but the frequencies do not. Which set should bidders' price to, and which one governs payment under the per haul unit cost?

***ANSWER:** The "Bid Form" will prevail. The services listed under ITB Attachment No. 3, are an estimated schedule and may or may not change once the contract is awarded.*

4. Thirty yard collections. Attachment No. 3 shows the 30 yard units at Talleyrand Marine Terminal and the 841st Military Marine Terminal as on call, and there is no corresponding haul line for either one in Category B. Should those pulls be priced at the Item C.2 rate, and can JAXPORT provide the number of pulls at each location over the last twelve months?

*ANSWER: See "Revised Bid Form" under Addendum Attachment No. 3. As of September 2025, the monthly hauls for the 30yd located at TMT were thirteen (13) and 841<sup>st</sup> were eleven (11).*

5. Experience requirement. Paragraph 1.09.A requires five years in the industrial and commercial dumpster rental and trash collection business ending April 30, 2026, and refers to the company or the owners of the company. Please confirm that ownership experience may be counted toward that requirement, and whether the period runs to April 30, 2026 as written or to the bid date?

*ANSWER: Ownership counts toward the requirement, running to April 30, 2026*

6. Subcontractor markup. Paragraph 4.15 limits subcontract costs to a five percent markup per tier with a ten percent maximum. Does that cap apply to routine services under the base contract, or only to additional work and changes under 4.13 and 4.14?

*ANSWER: No, there should NOT be any applicable Subcontractor markup to this contract. All services and equipment shall be provided by the awarded vendor..*

7. Contractors Pollution Liability. Paragraph 2.11 requires Contractors Pollution Liability covering property damage to marine structures for the course of construction. Please confirm whether this coverage is required for a waste collection contract with no construction scope, and provide the required limit?

*ANSWER: Replace "SECTION 2.11 INSURANCE (section reference pages A2-3 to A2-5)" with this Addendum Attachment No. 4.*

8. Are the two 30 yard permanent open-top containers being used for C&D material or landfill waste? How often are the two permanent 30-yard open-top containers being hauled, per week or per month?

*ANSWER: The two (2) Permanent 30yd are hauled monthly; 13x at TMT and 11x at 841<sup>st</sup> since September 2025.*

9. I don't see any recycling services included in the bid. Is recycling not an option or is it being handled separately?

*ANSWER: Yes, Recycling Services are under another contract due to expire May 2028.*

10. For the temporary 30yard and 40yard open top containers, how often are they being hauled per week or per month?

***ANSWER:** The temporary 30yd was pulled 3x during the year (as needed/final pull OCT25) and the 40yd was pulled 6x during the year (bi-monthly/final pull AUG26).*

11. Are your landfill diversion goals being tracked currently?

***ANSWER:** Yes, Landfill charges will be billed to JAXPORT at cost and must include a copy of the Duval County franchise fees ticket.*

12. What does the Monthly Extended Cost and the Per Haul Extended Cost refer to? Is the Monthly Unit Cost for 1 container at the size and frequency, then the Monthly Extended is for the total monthly if there is more than 1 container on site?

***ANSWER:***

- a. The Monthly Extended Cost is the sum of the Monthly Unit Cost and the Est. No. of Dumpsters.*
- b. The Per Haul Extended Cost is the sum of the Per Haul unit Cost and the Est. No. of Dumpsters.*
