SECTION 1
REQUEST FOR QUALIFICATIONS OVERVIEW, RESPONSE PROCEDURES AND SCHEDULE OF EVENTS

1.01 OVERVIEW

The Jacksonville Port Authority (JPA) is a full-service international trade seaport in the Southeastern United States. JPA owns and manages three cargo terminals and one passenger cruise terminal in Jacksonville, FL, including the Blount Island Marine Terminal, the Dames Point Marine Terminal, the Talleyrand Marine Terminal and the JPA Cruise Terminal.

JPA and its maritime partners handle containerized cargo, automobiles, recreational boats and construction equipment (Ro/Ro), dry and liquid bulks, break-bulk commodities, and over-sized and specialty cargoes. JPA’s three marine terminals handled a total of 10.5 million tons of cargo in 2018, including more than 1,270,480 TEUs (containers) – making Jacksonville the largest container handling port in Florida--and 665,432 vehicles, maintaining JPA’s impressive ranking as the No.1 in vehicle export port in the nation. JPA’s cruise terminal also continues to set passenger records, with more than 199,899 passengers sailing last year on cruises departing from JPA’s facility.

JPA features 20 container cranes, warehousing, Foreign Trade Zone status and outstanding intermodal connections enhanced through its Intermodal Container Transfer Facility (ICTF). To help speed goods to market, shippers can take advantage of Jacksonville’s location at the crossroads of three major railroads (CSX, Norfolk Southern and Florida East Coast Railway) and three interstate highways (I-95, I-10, and I-75).

A network of privately-owned maritime facilities also operates along Jacksonville’s harbor. In Northeast Florida, more than 65,000 jobs are related to port activity, which creates an economic impact of almost $27-billion annually. For Jacksonville harbor, energy commodities in 2017 comprised 43% of all commercial activity by tonnage.

The Vision of JPA is to be a major economic engine in Northeast Florida by continuing to be a premier diversified port in the Southeastern United States, with connections to major trade lanes throughout the world.

The Mission of JPA is to contribute to the economic growth and vitality of our community by stimulating commerce through the Port of Jacksonville. Every day, we’re working to grow our port and create thousands of high-quality; good paying jobs throughout Northeast Florida, now and in the years to come.

1.02 PURPOSE

The JPA is requesting Statements of Qualifications (SOQ’s) from professional Consultant Firm’s interested in providing Professional Civil and Structural Engineering Consulting and Design Services for the JPA. Therefore, the JPA is specifically seeking a Consultant Firm capable and
with experience in providing Professional Civil and Structural Engineering Consultant Services for the maritime industry or Ports of similar size.

The Professional Civil and Structural Engineering Consulting and Design Services will be procured in accordance with the Consultant’s Competitive Negotiation Act (CCNA), adopted by the Florida Legislature in 1973, under Section 287.055, Florida, Statutes, as amended, which requires state government agencies, municipalities or political subdivisions, school boards and school districts, to select a consulting firm based on qualifications rather than on a lowest bid basis. For purposes of this RFQ the terms “Consultant Firm”, “Consultant” and “Proposer” are used interchangeably. Additionally, the term “project” includes all planning, design, and inspection services performed by the Consultant Firm pertaining to construction, rehabilitation, and renovation activities for the following marine terminal facilities or structures: buildings, roads, bridges, paving, (including container grade pavement surfaces), asphalt, rail, drainage, sewer, environmental, geotechnical, planning, surveying services and other similar facilities or structures located at the JPA’s marine terminals. Such activities are being grouped in this RFQ in accordance with CCNA provisions.

The JPA will utilize the external Consultant Firm to augment and support engineering services, on an as needed basis. These services are completely described in Section 3 - Scope of Services of this RFQ. Examples of the work to be performed, while not all inclusive, include; professional architecture planning, surveying, civil engineering design services and other related services as described herein required to support the Senior Director of Engineering & Construction and other JPA staff. Although the Consultant Firm may provide all services as required through its own staff, some services may be added through sub consulting on project by project basis.

The Consultant Firm shall not assign or subcontract any professional work of the contract to any other entity without the specific written permission and acceptance of the JPA. All services shall be rendered in individually authorized projects.

1.03 QUALIFICATION AND SUBMISSION PROCESS

The procurement of the Consultant Firm to provide Professional Civil and Structural Engineering Consulting and Design Services for the JPA will follow a phased selection process consisting of submission of SOQ’s in response to this advertisement. Submittals will be reviewed and evaluated based on minimum requirements and then qualifications to perform the services required. At the JPA’s discretion, a limited number of Proposers shall be shortlisted and may be invited to make oral presentations/interview prior to final selection. Such oral presentations/interviews will be scheduled at the JPA’s convenience. The JPA will not be liable for any costs incurred in connection with such oral presentations/interviews. The JPA is not required to contact a Proposer to obtain additional information to evaluate the SOQ’s. The JPA will make an award based on the Proposer’s ability to meet JPA’s needs and requirements, based on the Evaluation Criteria as shown on Section 5.01, and 5.02 of this RFQ.
The SOQ’s developed in response to this advertisement shall focus on demonstrating capability and professional expertise to perform the noted work. Any subsequent oral presentations/interviews, to be completed only by the shortlisted Proposers, will provide the Consultant Firm with the opportunity to specifically present their proposed team, their understanding of the challenges and issues facing the JPA and their approach to addressing the Projects likely to emerge from those challenges and issues in the areas noted in Section 3 – Scope of Work of this RFQ.

The Consultant Firm selection process will be in accordance with Section 287.055, Florida Statutes, as amended, the Consultants Competitive Negotiation Act (CCNA) based on information provided by the Proposer’s SOQ’s and, if shortlisted, subsequent, oral presentations/interviews.

It is anticipated that respondents to the RFQ may consist of a Consultant Firm comprised of a Prime Consultant leading the Team with one or more sub consultants to supplement the Prime Consultant’s resources within specific areas of expertise. The Consultant Firm serving in the role as a Prime Consultant on a Consultant Team will be limited to participating only on that Consultant Team for which they are the Prime Consultant. Sub consultants will be allowed to participate on more than one Consultant Firm Team.

5.03 EVALUATION OF STATEMENTS OF QUALIFICATIONS

Following the receipt of SOQ’s, the JPA’s Director of Procurement Services will conduct a review to assure that each SOQ is responsive and meets the minimum requirement of this RFQ.
SOQ’s deemed unresponsive will be returned to the Proposer with a brief explanation of the reason for rejection.

Following the initial screening, the Director of Procurement & Contract Services will convene the members of the Evaluation Committee that will each independently evaluate and rank each SOQ in accordance with the Evaluation Criteria contained in Section V of this RFQ.

Each Evaluation Criterion will have a value from one to the maximum point value noted for that criterion. The total of a perfect score for the Evaluation Criteria would equal 150 points. At the JPA’s discretion, a limited number of Proposers may be invited to make oral presentations/interview prior to final selection. Such presentations/interviews will be scheduled at the JPA’s convenience. The JPA will not be liable for any costs incurred in connection with such oral presentations/interviews. The JPA is not required to contact a Proposer to obtain additional information to evaluate the Proposal.

The JPA will make an award based on a proposer’s ability to meet both entities needs and requirements, based on the Bid Evaluation Criteria as shown on Section 5.01 and 5.02 of this RFQ. Factors used to evaluate each proposer’s response, as well as the weight attributed to each of the factors will vary for each category and are listed in Section 5.01 and 5.02.

It is the intent of the JPA to award this Agreement to the Consultant Firm, which, in our sole opinion, is the most qualified and capable of providing the best overall service consistent with the goals and objectives of the JPA and in accordance with 287.055., Florida Statutes, as amended.

It is the official policy of the Jacksonville Port Authority to require the inclusion of firms owned and controlled by JSEB/MBE/WBE/DBE/SBA’s in contract awards and projects whenever feasible. This policy is consistent with the JAXPORT Charter, mandate of the United States Department of Justice, as set out in Title 28 of the Code of
Federal Regulations at Part 66 and 70, which requires owners to provide the fullest possible opportunities for contract participation to JSEB/MBE/WBE/DBE/SBA’s.

5.15 POST AWARD REQUIREMENTS

a. After award of the contract, failure on the part of the successful Contractor to employ JSEB/MBE/WBE/DBE/SBA’s at a percentage level equal to or higher than stated on SEB Form 1, shall constitute a contractual default and may be grounds for termination.

b. Nothing contained herein shall be construed to require a General (Prime) Contractor to award a subcontract bid to a SEB if it is not the lowest conforming bid.

c. Prime Contractors shall be obligated to pay SEB SubContractors within three days of receipt from the JAXPORT funds, and must confirm payment to JAXPORT. SubContractors will be notified by the JAXPORT when a payment application from a prime Contractor has been submitted reflecting work performed by a SEB SubContractor.

5.16 SUBCONTRACT CLAUSE

The SEB Contractor shall perform at least 25% of the total amount of the work to be performed under this Contract with its own workforce. SEB- FORM 5
DISADVANTAGED BUSINESS ENTERPRISE (DBE) POLICY

DBE POLICY AND OBLIGATION:

a. It is the policy of JAXPORT that DBEs, as defined in 49 C.F.R. Part 26, as amended, shall have the opportunity to participate in the performance of contracts financed in whole or in part with FDOT funds under this contract. The DBE requirements of applicable federal and state laws and regulations apply to this contract. JAXPORT and its contractors agree to ensure that DBEs have the opportunity to participate in the performance of this contract. In this regard, all contractors shall take all necessary and reasonable steps in accordance with applicable federal and state laws and regulations to ensure that the DBEs have the opportunity to perform contracts. JAXPORT’s contractors and subcontractors shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts, entered pursuant to this contract.

b. DBE UTILIZATION – The Department of Transportation (DOT) began its race neutral DBE program on January 1, 2000. Contract specific goals are not placed on State/Federal contracts; however, the DOT has an overall 10.5% goal it must achieve. JAXPORT has adopted the DOT’s DBE Program goal. The DBE participation goal for this contract is 0%; however, DBE participation is strongly encouraged. Further information about the DOT’s DBE Program goal can be found at: www.dot.state.fl.us/equalopportunityoffice/.

JAXPORT will be monitoring potential or anticipated DBE utilization for contracts. When the low bidder executes the contract, information will be requested of the contractor's anticipated DBE participation for the project. While the utilization is not mandatory in order to be awarded the project, continuing utilization of DBE firms on contracts supports the success of Florida's Voluntary DBE Program, and supports contractors' Equal Employment Opportunity and DBE Affirmative Action Programs.

FDOT’s search engine for the business directory can be found at: https://www3.dot.state.fl.us/EqualOpportunityOffice/biznet/mainmenu.asp
c. **CONTRACT ASSURANCE** – The Contractor, Subrecipient or Subcontractor shall not discriminate on the basis of race, color, national origin or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of Department-assisted contracts. Failure of the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as JAXPORT deems appropriate, which may include, but is not limited to, 18-009.

1. Withholding monthly progress payments
2. Assessing sanctions;
3. Liquated damages; and/or
4. Disqualifying the Contractor from future bidding as non-responsible.

d. **RECORDS AND REPORTS** – Contractors are required to provide the following information to JAXPORT’s Procurement Department SEB Programs Coordinator for verification.

1. Anticipated DBE Participation Statement (Form No. DBE-1)

   The “Anticipated DBE Participation Statement” shall be completed and submitted by the Contractor at the pre-construction conference. The Statement must only include companies certified as a DBE. The Statement can and should be updated when additions or deletions are made through the life of the contract. This will not become a mandatory part of the contract. It will assist JAXPORT and FDOT in tracking planned or estimated DBE participation.

   The Contractor must submit the Statement to:

   JAXPORT Procurement Department  
   SEB Programs Coordinator  
   2831 Talleyrand Avenue  
   Jacksonville, Florida 32206  
   Office Number: (904) 357-3003  
   Fax Number: (904) 357-3077

   JAXPORT will review and approve the completed form and send the Statement to the District LAP Administrator or designee who will forward the information to the Department’s Equal Opportunity Office at the following address:
2. Instructions for Reporting Actual Payments

JAXPORT is required to report data on actual payments, minority status, and the type of work of all Subcontractors, Subconsultants, and major Suppliers. Each month the JAXPORT must report actual payments (including retainage) to all DBE Subcontractors, Subconsultants, and Suppliers. Payments to all non-DBE Subcontractors and Subconsultants can be reported either monthly or at the end of the project. Local Agency may submit this information to the District LAP Administrator or designee manually or electronically in an Excel spreadsheet.

Subsequently, Prime Contractors are required to report payments made to DBE Subcontractors manually or electronically to JAXPORT’s SEB Programs Coordinator on the “Contractor’s Monthly Report“ FORM 5.

Policies
1. JAXPORT corporate cards have been assigned for all employees and the corporate cards are maintained in the Finance Department by the Manager of Treasury & Compensation. A traveler must notify the Manager of Treasury & Compensation prior to booking travel to have the card activated for use. Approximately, 24 to 48 hours prior to travel beginning, the traveler will be required to sign out their corporate card with the Finance Department. This will ensure that they are able to pay for any charges incurred while on travel for the port.
2. Corporate cards will only be used for legitimate business and travel expenses. Personal purchases of any type are not allowed.
3. Cash advances on corporate cards are not allowed.
4. Cardholders will be required to sign an agreement indicating they accept these terms. Individuals who do not adhere to these policies and procedures risk revocation of their corporate card privileges and/or disciplinary action.
5. Upon termination of employment, all individuals who maintain their corporate cards directly, must cut the corporate card in half and give it to Human Resources who will, in turn, notify the Manager of Treasury & Compensation.
6. Travelers who do not maintain their corporate cards directly, must turn in their corporate credit card to the Manager of Treasury & Compensation directly after travel.

Process
1. Receipts: Detailed receipts must be retained and attached to expense reports. In the case of meals and port promotions, each receipt must include the names of all persons involved in the purchase, and a brief description of the business purpose of the purchase, in accordance with Port Promotion, SOP 1242. In addition, single receipts under $30.00 or multiple receipts not exceeding $50.00, where the employee has paid for an out of pocket expense within Duval County, can be reimbursed directly from petty cash in Human Resources with a detailed receipt.
2. Expense Report: Expense reports must be promptly completed and submitted via the established process to enable timely payment of amounts due. All expenses charged while on travel will display on the expense tab in Concur for the traveler to import into their expense report. Please note that charges can take anywhere from seven to ten day to display in Concur based on when the charge was processed through the vendor and bank.
3. **Tax-exempt certificates**: Cardholders should make every effort to ensure purchases made in Florida do not include sales tax. Tax-exempt certificates are available in the online filing cabinet on JAXPORT’s intranet. Cardholders should carry a copy of the State Tax Exemption Certificate as proof of the exemption from certain sales and uses taxes. If after the request for tax exemption is made, taxes are still assessed, reimbursement is appropriate.

4. **Disputing a charge**: Disputed billing can result from failure to receive goods or services charged, fraud, incorrect amounts and duplicate charges. The cardholder should contact the merchant first to resolve any outstanding issues. Notify VISA Customer Service at 1-888-934-1087 of the dispute.

5. **Lost/Stolen card**: Immediately notify VISA Customer Service at 1-888-934-1087 and the Manager of Treasury & Compensation if the card is lost or stolen.

The time traveled is the shorter of the time the traveler actually began travel or the latest time reasonably possible to arrive at the destination at the time required to accomplish the purpose of the travel. Based on airport requirements, travelers should arrive at the airport two hours prior to the time of departure(s).

For JAXPORT employees that do not reside within Duval County, the same procedures apply when traveling outside their respective county.

**Privately Owned Vehicle:** Travel will originate at the principal workplace i.e. JAXPORT facility during Monday through Friday or from the traveler’s home during weekend or holidays; or at the traveler’s home whichever is the lesser actual mileage to the destination. A traveler may elect to drive a Privately Owned Vehicle (POV) in lieu of air travel or the combination of air travel and auto rental or any other conveyance; however, the payment will be made at the lesser of actual expenses.

All mileage shall be computed from the point of origin to the point of destination. Auto mileage must reflect actual mileage traveled on official business. Any other miles traveled must be reported as vicinity miles and JAXPORT will determine if vicinity miles seem reasonable or excessive. Note: The distance between Jacksonville International Airport and return to JAXPORT facility will not exceed (15) miles in each direction.

For all travel made by Privately Owned Vehicle, reimbursement will be made at the current rate per mile prescribed by the Internal Revenue Service.

A cost analysis must be done to determine the most economical means of travel then reimbursement shall be at the lessor of:

1) The current IRS rate per mile for the entire distance, including vicinity miles or
2) The airline common carrier fare from the city to the airport nearest the point of travel
   Destination for all travelers using their Private Motor Vehicle, plus the IRS rate per mile for
   mileage equal to the distance from the airport to the point of destination plus any vicinity
   mileage.
