1.06 OBLIGATION OF PROPOSERS

The Proposer must become fully aware of JAXPORT's requirements for the Contract. Failure to do so will not relieve a successful Proposer of its obligation to furnish the material, equipment and labor necessary to carry out the provisions of the Contract Documents and to complete the work at the prices proposed.

In addition, the Proposer will be held responsible for having examined the details of the proposed scope of work. The Proposer will use its personal knowledge and experience or professional advice as to the character of the proposed work and any other conditions surrounding and affecting the proposed work. The submittal of a proposal will be construed as evidence that all Proposer obligations have been satisfied and no subsequent allowance will be made in this regard.

Any such request which is not received prior to the above deadline date for questions will not be considered. All such interpretations and supplemental instructions will be in the form of written Addendum to the Contract Documents, which if issued, will be e-mailed to all known prospective proposers. However, it is the responsibility of each Proposer, before submitting its proposal, to contact Procurement Services at (904) 357-3455 to determine if any Addendum have been issued and to make such Addendum a part of its proposal. 2.12 SECURITY IMPLEMENTATION PROCEDURE

JAXPORT's rigid security standards include the Federal Transportation Worker Identification Credential (TWIC) program, which is administered by the Transportation Security Administration. The TWIC is required for unescorted access to all JAXPORT terminals. It is your responsibility as the Prime Contractor to ensure that all of your employees and sub-contract personnel working for your company have been properly screened and credentialed with the TWIC, and the JAXPORT Business Purpose Credential.

Transportation Worker Identification Credential (TWIC)

The TWIC is required for all Prime Contractor/Sub-Contractor employees working on the job site for this Contract. This credential is for all personnel requiring unescorted access to secure-restricted areas of Maritime Transportation Security Act (MTSA)-regulated facilities. TSA will issue a tamper-resistant “Smart Card” containing the person’s biometric (fingerprint template) to allow for a positive link between the card and the individual.

The fee for obtaining each TWIC® is \$125.25, and the credential is valid for five years. The pre-enrollment process can be initiated online at <https://universalenroll.dhs.gov/> or at an IdentoGo TSA’s Universal Enrollment Service Center.

TWIC: Universal Enrollment Centers

The Jacksonville Universal Enrollment Center is located at: 2121 Corporate Square Blvd. Building A, Suite 165, Jacksonville, FL 32216. The office hours are Monday-Friday: 09:00AM–11:00AM / 12:00PM- 6:00 PM, For general information you can call the TWIC Call Center at 1-855-347-8371, Monday-Friday, 8 a.m. to 10 p.m. Eastern Time.

JAXPORT Business Purpose Credential

In addition to the TWIC, JAXPORT requires a JAXPORT Business Purpose Credential to be issued and registered at JAXPORT’s Access Control Center located at the 9620 Dave Rawls Blvd. Jacksonville Fl. 32226 (Brick Building next to the Main Gate concourse). Hours of operation are Monday-Friday 7:30AM-4:30PM. The JAXPORT Business Purpose Credential is issued at no cost but expires at the end of the contract provisions.

The JAXPORT prime contractor is responsible for sponsoring all sub-contractors for the JAXPORT Business Purpose Credential.

Federal Training Requirement: (33CFR 105.215) Maritime Security Awareness Training

JAXPORT is a federally regulated facility under the Maritime Transportation Security Act of 2002 (MTSA) as codified under the US Code of Federal Regulation 33 CFR Chapter 1, Subchapter H Part 105.

33 CFR 105.215-Security training for all other facility personnel. All other facility personnel, including contractors, whether part-time, full-time, temporary, or permanent, must have knowledge of Maritime security measures and relevant aspects of the TWIC program, through training or equivalent job experience.

To meet the requirements of 33 CFR 105.215; the Prime Contractor/Sub-Contractor employees and all support personnel: Engineers, Suppliers, Truck Drivers, Laborers, Delivery persons etc. (NO EXCEPTIONS) are required to attend JAXPORT’s Maritime Security Training given every Wednesday (10AM, 2PM & 5PM) at JAXPORT’s Access Control Building. Contact the JAXPORT Access Control Center to arrange for the training. JAXPORT will work with Contractors to conduct timely Maritime Security Training classes for larger groups.

All Prime Contractor/Sub-Contractor employees working on the job site for JAXPORT are required to attend JAXPORT’s 33 CFR 105.215 (Security/Safety Training for All Other Facility Personnel) class at a cost of \$35.00 per person. Arrangements can be made by calling JAXPORT Access Control Phone# (904) 357-3344.

TWIC Escort Provisions

To ensure contractors can begin work after they receive a Notice to Proceed, JAXPORT will allow prime contractors to have dedicated employee TWIC Escort(s) to handle those contractor employees who have not yet received their TWIC. Escorted employees must have a TWIC receipt validated by Access Control to receive a temporary JAXPORT Business Purpose credential.

Contractor deliveries from Non-TWIC vendors may be escorted by JAXPORT approved Prime Contractor escorts. The prime contractor will be required to submit a request for TWIC Escort privileges to accesscontrol@jaxport.com . Once approved, the contractor’s employee(s) will attend a JAXPORT provided MTSA TWIC Escort Class in addition to the standard MTSA 33 CFR 105.215 Security Class at a combined cost of \$55.00. **These authorized individual(s) must have no collateral duties that will separate the escort from the escorted visitor while serving as escort.** Note - Limitations to the number of TWIC Escort authorizations will be set by the JAXPORT Public Safety Department.

Truck drivers, vendors, labor may not conduct escorts.

A Contractor authorized by JAXPORT to conduct an escort of a non-TWIC holder in a restricted area must have:

- Have a valid TWIC on their person
- Have an approved JAXPORT TWIC ESCORT credential on their person
- Have a tamper-resistant laminated government issued photo identification card on their person.

TWIC Escorts must complete the JAXPORT TWIC Escort Form daily before getting to the access gate. The form will be kept on file at the JAXPORT Security Operations Center (SOC).

The Prime Contractor assumes full liability for the escorted person(s) while on JAXPORT property. The person under escort must have a continuous side by side escort in a secure-restricted area. Federally (USCG / TSA) imposed fines and or consequential damages resulting from a failed TWIC Escort by the Prime or Sub-contractor will be the responsibility of the JAXPORT Prime Contractor regardless of whether it is a direct employee.

Federal regulation definition: 33.CFR 101.105

Escorting means: ensuring that the escorted individual is continuously accompanied while within a secure area in a manner sufficient to observe whether the escorted individual is engaged in activities other than those for which escorted access was granted. This may be accomplished via having side-by-side companion or monitoring, depending upon where the escorted individual will be granted access. Individuals without TWIC may not enter restricted areas without having an individual who holds a TWIC as a side-by-side companion.

JAXPORT TWIC ESCORTS

JAXPORT may provide TWIC escorts at Tariff rate with advanced notice (Minimum 24 hours).

After review of the Contractors operation; JAXPORT will decide the number of escorts required to meet the federal regulation ratios of TWIC escort per non-TWIC worker. This will be based on operational requirements.

JAXPORT TWIC Escort Tariff Fees are published in JAXPORT's Tariff Schedule. Current rates are: **Mon.-Fri., 7:00AM until 6:00PM** - Subject to two hour minimum \$125.00 first two hours; \$125.00 each additional two-hour block thereafter.

After 6:00PM until 7:00AM, weekends, holidays - Subject to two hours minimum \$250.00; \$125.00 each additional two-hour block thereafter.

The Identification Card must meet the USCG MTSA standards of 33 CFR 101.515. (State issued paper temporary drivers licenses are not acceptable identification).
- Any violations of the JAXPORT USCG approved Facility Security Plans will result in a Security Violation Hearing and be subject to temporary or permanent denial of access onto JAXPORT Terminals or ability to TWIC Escort.

2.13 PERMITS AND LICENSES

All licenses necessary to carry out the delivery will be secured and paid for by the Proposer and remain in effect throughout the duration of the Contract. If the Proposer allows unlicensed personnel to perform work on JAXPORT facilities, the Contract will be terminated immediately.

2.14 PERFORMANCE BOND REQUIREMENT – None

2.15 TERMINATION FOR DEFAULT

If through any cause within the reasonable control of the successful Proposer/Firm, it shall fail to fulfill in a timely manner, or otherwise violate any of the covenants, agreements, or stipulations material to the Agreement, JAXPORT shall thereupon have the right to terminate the services then remaining to be performed by giving written notice to the successful Proposer of such termination which shall become effective upon receipt by the successful Proposer of the written termination notice.

In that event, JAXPORT shall compensate the successful Proposer in accordance with the Agreement for all services performed by the Proposer prior to termination, net of any costs incurred by JAXPORT as a consequence of the default.

Notwithstanding the above, the successful Proposer shall not be relieved of liability to JAXPORT for damages sustained by JAXPORT by virtue of any breach of the Agreement by the Proposer, and JAXPORT may reasonably withhold payments to the successful Proposer for the purposes of set off until such time as the exact amount of damages due to JAXPORT from the successful Proposer is determined.

In that event, all finished or unfinished documents and other materials shall be properly delivered to JAXPORT. If the Agreement is terminated by JAXPORT as provided in this section, JAXPORT shall compensate the successful Proposer in accordance with the Agreement for all services actually performed by the successful Proposer and reasonable direct costs of successful Proposer for assembling and delivering to JAXPORT all documents. No compensation shall be due to the successful Proposer for any profits that the successful Proposer expected to earn on the balance of the Agreement. Such payments shall be the total extent of JAXPORT's liability to the successful Proposer upon a termination as provided for in this section.

2.17 ASSIGNMENT

Due to the additional administrative burden placed on JAXPORT, the Proposer will not assign or otherwise transfer its rights under the Contract, without the express written consent of JAXPORT.

2.18 FORCE MAJEURE

- A. Performance of this RFP by both JAXPORT and the Proposer will be pursued with due diligence in all requirements hereof; however, neither JAXPORT nor the Proposer will be considered in default in the performance of its obligations under this RFP to the extent that such performance is prevented or delayed by causes not within the control of either Party and not foreseeable or, if foreseeable cannot be avoided by the exercise of reasonable care, including, but not limited to, acts of civil or military authority (including but not limited to courts or administrative agencies); acts of God; war; riot; insurrection; inability to secure approval, validation or sale of bonds; inability to obtain any required permits, licenses or zoning; blockades; embargoes; sabotage; epidemics; pandemics; endemics; fires; floods; strikes; lockouts; or collective bargaining. Upon any delay resulting from such cause the time for performance of each Party hereunder (including the payment of monies if such event prevents payment) will be extended for a period necessary to overcome the effect of such delays.
- B. In case of any delay or nonperformance caused by the above causes, the Party effected will promptly notify the other in writing of the nature, cause, date of commencement and the anticipated extent of such delay, and will indicate the extent, if any, to which it is anticipated that any delivery or completion dates will be affected by that.

2.19 NON-WAIVER

Failure by either Party to insist upon strict performance of any of the provisions of this RFP will not release either Party of any of its obligations under the RFP.

The Jacksonville Port Authority (JAXPORT) is a full-service international trade seaport in the Southeastern United States and the global gateway to the State of Florida, the third most populous state in the nation.

JAXPORT owns, maintains and markets three cargo terminals, two intermodal rail terminals, and one passenger cruise terminal along the St. Johns River.

JAXPORT and its maritime partners handle a variety of cargoes, including:

- containerized freight
- automobiles, recreational boats and construction equipment (roll-on roll-off or Ro/Ro)
- breakbulk commodities
- dry and liquid bulks and
- over-sized and specialty cargoes.

JAXPORT's three marine terminals handled a total of 9.9 million tons of cargo in 2020, including more than 1.27 million TEUs (containers) – making Jacksonville the largest container handling port in Florida – and 550,000+ vehicles, ensuring JAXPORT's ranking as one of the top vehicle ports in the U.S.

JAXPORT features 19 container cranes, warehousing, Foreign Trade Zone status and intermodal connections enhanced through its two Intermodal Container Transfer Facilities (ICTF). To help speed goods to market, shippers can take advantage of Jacksonville's location at the crossroads of three major railroads (CSX, Norfolk Southern and Florida East Coast Railway) and three interstate highways (I-95, I-10, and I-75).

Cargo activity through the Port of Jacksonville generates 138,500 jobs in Florida and supports nearly \$31.1 billion in annual economic output for the region and state.

JAXPORT's Vision

JAXPORT will be a global leader in diversified trade and supply chain solutions, focused on efficiency and fiscal integrity.

JAXPORT's Mission

Creating jobs and opportunity by offering the most competitive environment for the movement of cargo and people.

4.13 SUPPLIER PERFORMANCE/CONTRACT MANAGEMENT

In an effort to improve supplier performance, ensure high quality service and products from suppliers and proactively monitor performance so that JAXPORT'S needs and expectations are being met, JAXPORT is instituting a Supplier Performance Evaluation Program.

Overview

To establish a uniform and simple means of evaluating supplier performance, the Supplier Performance Evaluation program includes the use of a Supplier Evaluation Form. Formally awarded, competitive contracts for services, supplies, equipment, construction, capital projects and construction related professional services shall be evaluated using this form. For informal awarded purchase orders where the end-user of the contract should reasonable foresee that poor supplier performance would create significant business risk for JAXPORT, this program shall also apply.

Objectives

The Supplier Performance Evaluation Form will support JAXPORT'S purchasing goals which include: To obtain the highest quality of goods and services for the smallest outlay of dollars, and to provide a fair and level playing field for all businesses.

The Supplier Performance Evaluation Program is intended to accomplish the following goals:

- Drive suppliers to continuously improve performance
- Provide on-going incentive for suppliers to perform well and penalties for poor performance
- Standardize approach for documenting supplier performance
- Increasingly hold suppliers accountable for their work
- Increase communication with suppliers regarding performance
- Ensure clarity of expectations regarding vendor performance

Contract Quality Evaluator (CQE)

For every contract which JAXPORT enters into, the respective Department's Director will designate an employee to be responsible for the evaluation of the supplier's performance under the contract. This function is called contract quality evaluation and the individual performing the role is the CQE. Functions of the CQE include assisting the supplier in beginning work in an effective manner, inspecting the supplier's work, handling issues resulting from work, approving invoices and evaluating supplier performance.

Frequency of Inspections and Evaluations

Determining inspection and completion of Performance Evaluation Form is an important decision for CQE's. Generally, the higher the risk to JAXPORT, the more frequent and thorough the inspections should be. Where risk of poor performance is low, inspections could be less; however, these should always result in the completion of a Performance Evaluation Form. CQE's should never hesitate to seek guidance from the Director of Procurement Services or Procurement Staff.

If inspections determine that a supplier is performing poorly, it is critical that the CQE prepare a Performance Evaluation Form documenting such performance in detail and provide the supplier with a copy of such form as soon as possible. The CQE should document results of inspections on the Performance Evaluation Form and the comments should be clear enough so that they may be referred to at a later time without any question as to what they mean. Completed Performance Evaluation Forms should be sent to the attention of the Director of Procurement Services or his/her designee so that a Deficient Performance Letter may be issued to the supplier.

Unacceptable Performance

Actions: The CQE's will notify Procurement Services via the Performance Evaluation Forms that the supplier's performance has been unacceptable. Procurement Services will then notify in writing via a deficient performing letter informing the supplier that its performance has been rated as unacceptable. The supplier shall have ten (10) days to respond to the letter and such response shall include specific actions that the supplier will take to bring the supplier's performance up-to an acceptable performance level.

Within thirty (30) days from date of the first unacceptable performance letter, or before the project is scheduled for completion, JAXPORT will notify the supplier in writing as to whether its performance, as determined solely by JAXPORT, is meeting expectations or is continuing to be unacceptable. If the supplier's performance as described in the letter is meeting expectations, no further remedial action will be required by the supplier, as long as the supplier's performance continues to be acceptable.

If the supplier's performance as described in the first letter continues to be unacceptable, or is inconsistently acceptable then the supplier shall have fifteen (15) days from the second letter to demonstrate solely through its performance of the work, that it has achieved acceptable performance. If the supplier's performance is deemed unacceptable after a third time, JAXPORT will take such actions as it deems appropriate including, but not limited to, terminating the contract for breach, suspending the supplier from bidding on any JAXPORT related solicitations and other remedies available in the Procurement Code and in law. Such action does not relieve the supplier of its obligations under the contract, nor does it preclude an earlier termination.

Top Performance

Actions: When the supplier demonstrates consistent Top Performance for a period of no less than six (6) months, JAXPORT will recognize the supplier, by naming the supplier as a supplier of the quarter. Such recognition will be used in future bid evaluations and due preference will be given.

Disputes

If the supplier wants to dispute the results of Performance Evaluation Forms, the supplier must submit a letter to the Director of Procurement providing supplemental information that it believes the JAXPORT CQE's failed to take into account when preparing the Performance Evaluation Forms. Such letter, along with supplemental information, must be submitted no later than ten (10) days following the supplier's receipt of any notice of unacceptable performance. If the Director of Procurement decides to change the evaluation to acceptable performance, the supplier will be notified and a revised letter of performance will be prepared with a copy issued to the CQE and their respective Director. If the Director of Procurement decides that no change is warranted, the decision of the Director will be final.
