MARINE ENGINEERING CONSULTING AND DESIGN SERVICES

JPA CONTRACT NO.: AE-177A

**RESPONSE TO QUESTIONS
ADDENDUM NO. 01**

1. Jacksonville Port Authority (JPA) has issued two RFQs simultaneously. 1) RFQ No. AE-177A for providing Marine Engineering Consulting and Design Services and; 2) RFQ No. AE-177B for providing Civil and Structural Engineering Consulting and Design Services.

Please confirm if a consultant firm is excluded from submitting a BID on both RFQs. If the consultant is allowed to submit a bid on both RFQs, please confirm if there is any restriction on JPA selecting the consultant for both RFQs, if found suitable and most qualified.

ANSWER: A consulting firm may submit their qualifications for both AE-177A and AE-177B. The Consultants Competitive Negotiation Act mandates that the award be based on qualifications only. As a result, if the same firm was found to be the most qualified for both contracts there is nothing stopping the Authority from awarding both contracts to that firm if negotiations were successful. Please note that it is the Authority's intent to award more than one contract for each solicitation.

2. Can JPA please confirm if current contract holders for both the Marine Engineering and Civil/Structural Engineering services are excluded from submitting their qualifications for these contracts?

ANSWER: Both firms are eligible to submit their qualifications for consideration.

3. Can JPA please provide information on the prime firms as well as sub-consultant firms who have been providing both the Marine Engineering and Civil/Structural Engineering services to JPA over past 10 years? Can JPA also provide annual revenue / sums paid to each Prime firm during the contract terms?

ANSWER: 2013 – Present
HDR - \$7,175,000
RS&H - \$2,830,000

See Attachment No. 5 for Sub-Consultant Listing

4. Can JPA please confirm if any project with Capital Cost of more than US\$1,000,000, MUST be bid out separately and design/engineering services will not be procured under AE-177A and AE-177B? If that is the case, can JPA please provide the anticipated projects over next three years which JPA anticipates to bid out separately?

ANSWER: The Authority reserves the right to solicit professional services for construction projects with a value greater than \$1,000,000 separately.

Container Terminal Upgrades	2020	\$ 15,000,000
Pile, Cap and Beam Rehab TMT (Cleaning, Design and Construction)	2021	\$ 1,000,000
Roro pier design, permitting at berth 12	2021	\$ 1,250,000

5. Does the font size limitation apply to text in graphics, tabular data and/or footnotes?

ANSWER: No. Please use your best judgement. All text needs to be legible.

MEETING INSTRUCTIONS

Date: Monday, January 6, 2020

Time: at 10:00 AM

Pre-Submission Meeting: AE-177A “Marine Engineering Consulting and Design Services and AE-177B Civil and Structural Engineering Consulting and Design Services.

This meeting is subject to Florida Sunshine Laws therefore it’s being recorded

Sign In: In order to validate your company’s attendance please sign the sign-in sheet. This is not a mandatory meeting. The list attendees to this meeting will be distributed to all attendees.

JAXPORT STAFF IN ATTENDANCE:
Jackie Glass – Director, Procurement Services
Sandra Platt – Sr. Contract Specialist
Brian Williams – SEB, Program Coordinator

Key Dates:

- **Questions:** Any questions after the meeting must be by e-mailed **SUBJECT: AE-177A or AE-177B** to my attention at sandra.platt@jaxport.com. Please do not send questions to anyone else. The deadline to submit questions by e-mail is: **Wednesday, January 8, 2020 at 12PM (EST)** After that time no questions will be answered concerning this RFQ.
- ✓ **Qualifications Due:** **Tuesday, January 21, 2020, at 2:00PM (EST)**. Your submission package must be received by 2:00 p.m. in the Port Central Office Building, located at 2831 Talleyrand Avenue, Jacksonville, FL 32206. You can drop off your package at the security desk. The security guard will log in your package with date and time and forward to the Procurement department. No exceptions due to traffic or weather conditions. Anything received after 2pm is considered non-conforming and will be returned to sender. Clearly label your original and copies “**AE-177A MARINE ENGINEERING CONSULTING AND DESIGN SERVICES**” or “**AE-177B CIVIL AND STRUCTURAL ENGINEERING CONSULTING AND DESIGN SERVICES**”. Please clearly label your package with company name on the outside of the package, Contract Number and place in a sealed envelope.
- ✓ **Statement of Qualifications (1.03)**
- ✓ **Submission Process (1.03)**
- ✓ **Requirements for Statement of Qualifications (1.04)**
- ✓ **Schedule of Events (1.05)**
- ✓ **Acknowledgment of Addenda (2.03)**
- ✓ **Term of Agreement (2.10 – three (3) years with two (2) one (1) year renewal options)**
- ✓ **SEB Participation Goal (2.18 – 6%)**
- ✓ **Scope of Services Overview (3.0)**
- ✓ **Minimum Requirements and Required Documentation (4.01 and 4.02)**

- ✓ **Evaluation Criteria (5.01)**
- ✓ **Questions & Answers**

Note: These minutes shall become a part of the bid documents and contract agreement. Any corrections, additions or errors will be brought to the attention of the Project Manager within 5 days after receipt of the minutes. It shall be the responsibility of the contractor submitting a proposal for this contract to ensure that all Subcontractors, Suppliers, and services that are incorporated into his proposal have received benefit of the minutes and any addenda that may be issued.

Attendees were advised to submit questions in writing prior to deadline of 12:00 PM (EST), Wednesday, January 8, 2020.

Meeting adjourned.

without liability of any kind to proposer except as set forth in the next sentence. Payment for services rendered prior to such termination shall be made by the JPA, subject to any damages, losses or other amounts owing to the JPA by the Consultant. The foregoing termination right in this Section 3.10 shall be in addition to other JPA termination rights provided in this RFQ, including but not limited to, the JPA termination rights set forth in Sections 2.23 and 2.24 of this RFQ.

3.10.1 Compensation and Invoicing

This Section describes the methods of compensation to be made to the Consultant Firm for the services set forth in this RFQ. The services are to be provided over the duration of the work specified in the RFQ for Professional Consultant and Design Services to be provided under this Agreement by the Consultant Firm shall consist of general on-going engineering services and individual specific project assignments.

Compensation for services provided will be based on one of the following methods:

- A. **Cost Plus** – Payment for services provided shall be on the basis of salary related costs consisting of the sum of salary wages, applicable overhead and payroll burden costs, operating margin, direct reimbursable expenses and subcontracting administrative fees (as defined below).
 - i. **Salary Wages** – Salary Wages are defined as the sum of all straight time payments and all overtime payments made for an employee’s services on the project. The Consultant Firm will exercise care to limit the overtime charges. Overtime hours will be charged at the same rate as straight time hours unless specifically authorized by JPA key staff or as required by law.
- 1. **Straight Time** – Straight time costs shall be the hourly rate paid for an employee based on forty (40) hour work week.
- 2. **Overtime** – Overtime costs shall be the salary costs paid for an employee for work exceeding a forty (40) hour week. **Overtime costs shall be at JPA’s discretion only and negotiated on a task work order basis.** Overtime costs shall be paid as either Straight Overtime costs or Premium Overtime costs.
- 3. **Straight Overtime** – Straight overtime shall be the portion of overtime compensation paid for employees at the straight time hourly rate and shall be burdened with overhead and fringe benefits.
- 4. **Premium Overtime** – Premium overtime costs shall be the portion of overtime compensation paid in excess of straight time hourly rate and shall not be burdened with overhead and fringe benefits.
- 5. **Consultant Payment and Overtime to Employees** – Straight Overtime or Premium Overtime shall be authorized in accordance with the Consultant’s Overtime policies

1. mailings. The cost of a change in employee's residence is only reimbursable if specifically required by JPA and the move must be approved by JPA in advance.
2. The Consultant Firm will determine the needs for maintaining long term storage for the JPA materials, files and plans and submit a cost effective proposal for accomplishing the task. The final plan will be mutually agreed to by the JPA Senior Director of Facilities and Development and the Consultant Firm's Project Director. This will not include storage for records on ongoing efforts or current projects which is part of overhead.
- vi. Subcontracts for services to be provided by persons other than Consultant Firm personnel_- Compensation for sub consultant services shall be made on the same basis as the method described in this Section.
- vii. Subcontracting Administration – The Consultant Firm will be allowed to charge a percentage of the subcontract agreement to cover its administration and management costs associated with using the subConsultant. This charge will cover all Consultant Firm time in making arrangements for the subcontracting work including such tasks as getting quotes, negotiations, contracting and administration and management of the subcontract and is in lieu of any direct salary charges. For tasks in excess of \$40,000, this administration fee will be negotiated. For other tasks, the amount will be 10% for those agreements up to \$2,500, and 5% for sub agreements amounts above \$2,500.

This administrative charge will also be deemed to cover all legal and insurance issues arising out of the use of the subConsultant. No direct time will be charged to the JPA in the Consultant's process of contracting with subConsultant unless specifically allowed by the JPA's Senior Director of Engineering and Construction prior to the execution of a contract with any subConsultant. However, direct time may be charged by the consultant for independent, specific technical review of sub consultant's work, if authorized by JPA staff.

- B. **Cost Plus With an Upset Limit (Not to Exceed)** – Payment for services will be the same as for Cost Plus except that JPA and the Consultant will have agreed to an upset limit. Unless specified differently by JPA, this method will allow the Consultant to make charges as incurred until the limit is reached. The work task must still be completed with no further compensation unless JPA agrees there are changed conditions. This method will require the Consultant to manage the work production to the cost limit.
- C. **Lump Sum** – Payment for services shall be based on a lump sum amount for specifically described services.

In certain cases, project assignments may be clearly defined and the JPA may choose to enter into a Lump Sum agreement. However, in many cases, project assignments may not be clearly defined and the method of payment will be Cost Plus. Unless specifically identified otherwise,

assignments will be compensated with the Cost Plus method. Cost Plus compensation is the sum of salary wages and the applicable overhead costs and operating margin plus direct reimbursable expenses and subcontracting administrative costs.

3.11 TRAVEL PROCEDURE

Should travel expenses apply to this contract, all travel expenses must be in accordance with JPA's Travel Procedures and Guidelines – Attachment "H". Where there are combined funds by Federal and State agencies, the more restrictive limitations shall apply. Airline travel reservations must be made at the least expensive coach fare. If travel is allowed reimbursement will be represented with a Not to Exceed travel expense line item on the Bid/Proposal Form. Travel allowance is based on receipts for airfare, meals, lodging, rental car, fuel, etc. No mark-up is allowed on this line item. Any monies remaining at contract completion will belong to the JPA. All requests for expense reimbursement will be submitted with receipts and sufficient detail to allow the JPA to determine accuracy of the charges. All travel expenses will be reimbursed in accordance with JPA's per diem allowances, and other expenses will be reimbursed at actual cost. Meals will be based on the per diem rate referenced in JPA's travel policy. Failure to include monthly activity report with an invoice will cause delay of payment of invoice. At no time will a consultant be reimbursed for local travel or for travel related to an employee brought in from an alternate location unless the cost is included in the negotiated task work order.
