MAJOR U.S. VEHICLE HANDLING PORT
Among the nation's busiest for total vehicle moves, JAXPORT handled more than 531,000 vehicles last year with large pure car and truck carrier access and additional berth capacity coming online.

AMPORTS and Enstructure provide full-service finished-vehicle logistics across multiple brands and programs, and Southeast Toyota Distributors operates a dedicated facility at Blount Island. Across Blount Island, Talleyrand and Dames Point terminals, JAXPORT offers approximately 300 acres of open vehicle storage and nearly 800,000 sq. ft. of covered automotive processing and support facility space.

RAIL & IMPORT/EXPORT REACH
On-terminal rail load/unload and nearby highway connections provide established, efficient flows to Florida dealers and the U.S. Southeast, with regular ocean service supporting trade lanes with Asia, Mexico, Europe, Africa and the Caribbean.

FAST REACH TO BUYERS
Florida is now the nation's third most populous state and JAXPORT provides same day access to more than 98 million U.S. consumers.
